

We Care For animal health & environment

Synbiotics

Create the immunity and protect your lovely pet from pathogens.

A silent danger from the odor

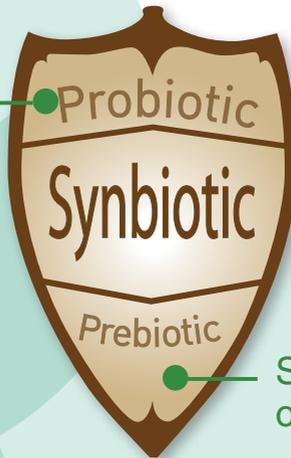

Risk of colonic cancer, tumor cancer in the digestive system.

How does Arthritis happen?

Good microorganisms

Probiotic

Synbiotic

Prebiotic

Stimulate the work of microorganisms

Synbiotics: nutritional supplement with a double protection for your dogs and cats. The importance of nutrition is to reinforce immunity continuously. Synbiotics is a combination of Probiotics and Prebiotics.

Synbiotic is combination of beneficial bacteria and prebiotic (FOS) a plant extract, creating immune system to fight against pathogenic bacteria.

Probiotic

Beneficial bacteria works in intestinal tract to fight against pathogenic bacteria. Cleanse intestinal system and reduce all odor from unclean intestinal organs. Builds immune system.

Prebiotic

Fructo - oligosaccharide (FOS) is the plant extract in the form of soluble fiber giving the balance of pathogens in the intestine and digestive system, helping better Probiotic capacity, supporting the excretion system, making soft waste, lessening the heavy work of the kidney while eliminating the waste, and balancing the body's health.

Yeast and Sesame Oil

skin care and hair treatment giving good health and shiny hair from the process of special fermentation of concentrated yeast extract and sesame oil which is rich in anti-oxidants, vitamin C, B complex, Zinc and Linoleic Acid to nourish healthy skin and to give thick, soft and shiny hair.

Odorless

A silent danger from the odor

Odor pollution from pet is caused by gas generated by itself.

The incomplete excretion creates the bacteria accumulated in the digestive tract and the pathogen stimulating a colonic cancer, malignant tumors in the gastrointestinal tract.

Nutritional supplement to balance the digestive system

- ▶ Reduce the waste odor and urine odor
- ▶ Reduce bad breath, bad scent and body odor
- ▶ Help the digestive system to prevent the diarrhea.
- ▶ Strengthen the balance of Immune System
- ▶ Increase Calcium and Magnesium absorption

Odorless

Odorless consists of an important part of FOS and Bacillus subtilis, which is useful in promoting the healthy digestive system and reducing the unpleasant odor of the pet.

Odorless consists of an important part of FOS and Bacillus subtilis which result in decreasing odor of the waste significantly because of the decrease of amount of chemicals that cause odor, Ammonia Nitrogen and Hydrogen Sulfide.

Beautiful hair...What's more!

The softly beautiful hair and healthy skin of the pet must come from the inside, like human. When the body is healthy, then it will result in healthy skin and shiny hair which can obviously be seen from the outside.

MaxiCoat

Nutritional supplement for healthy, softly and shiny hair strengthening the body balance and

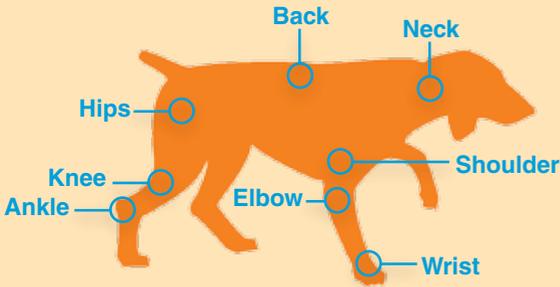

giving the following benefits:

- ▶ Nourish hair making them shiny and soft
- ▶ Strengthen the health of your dog
- ▶ Treat skin lesions caused by chronic diseases, such as fungal skin infection
- ▶ Revitalize fluffy hair and reduce hair fall
- ▶ Replenish and beautify hair after pregnancy

How does Arthritis happen?

It is caused by the disorder of the joints which occurs when the cartilage wearing away is quicker than the replacement of cartilage.

Cartilage has a role to support the weight and protect all the bones. When cartilage wearing away happens, it makes joints swollen and painful.

Condition caused by inflammation of the joints results from several reasons, such as, breed, old age, overweight, inflammation from infection or disorder of the immune system, which will be highly found in the large dog.

The first thing that can be noticed from your lovely pet is having a difficult movement while walking, running, jumping, having depression, or losing the appetite. Sometimes your dog may cry or flinch when being caught at the inflammation.

Collagen

Collagen

Prevent the cartilage wearing away and act as the link of the skin tissues. Relieve the inflammation, reduce wearing away, connect the organs together, reinforce the body structure, and make the joints more flexible and moving smoothly, especially the joints supporting the weight and shifting the movement.

MaxiColla

Collagen with Probiotics and Prebiotic (FOS), Yeast, Sesame Oil, Vitamin B complex, Chromium, Amino Acids and Essential Vitamins

Give your lovely pet the following benefits:

- ▶ Prevent your pet from the cartilage wearing away
- ▶ Reduce inflammation of the joints, tendons
- ▶ Restore the body health
- ▶ Give liveliness, good health, enthusiasm.
- ▶ Balance the digestive system and prevent the constipation
- ▶ Nourish skin and healthy hair making them soft and shiny
- ▶ Treat skin lesions caused by chronic diseases, such as Fungal Infection.
